Foundation toasts annual charity dinner success

With the Lindsay Leg Club Foundation accounts now signed off, figures show that its Annual Charity Dinner 2008 was an unmitigated success.

The dinner was held on the first evening of the annual Leg Club conference which was well-received by all those who attended. Presentations were made by a number of experts and leaders in the field of leg treatment including: Professor Christine Moffatt CBE and Lindsay Leg Club Foundation patron, Professor Sir George Castledine and Mr Kirti Moholkar, a consultant orthopaedic surgeon.

Ellie Lindsay, Leg Club Founder said: "I'm delighted that last year's dinner was so successful. It makes all the hard work worthwhile and I would like to thank all those who gave their support so generously. I'm sure that this year's event will be event better."

This year's Charity Dinner will be held on the 30th September 2009 at Worcester Rugby Club.

Notes to editors:

The Lindsay Leg Club Foundation is the umbrella organisation that disseminates, promotes and represents Leg Club[®] at the national or international level. Its activities include developing educational materials, research, data collection and analysis, exhibiting and speaking at conferences as well as advising and providing authoritative support for healthcare providers.
