Introducing wound club online

An on-demand, educational resource built by clinicians for clinicians

Find us on the Smith+Nephew YouTube channel today!

- A series of free **5 and 15-minute video modules** that cover the key areas of wound management.
- Modules can be used for individual or team training and built into **existing intranet sites and non-prescription systems.**
- An **NMC Revalidation** certificate is available for completion of each 15 minute module.

woundclub online
