Enough is Enough!

Every speaker at the Parliamentary reception hosted by Dereck Thomas MP and independently funded by Ellie Lindsay OBE helped to drive the message across to MPs that 'Enough is Enough'. So, thank you to all our speakers in particular Karen Davey who agreed to present her personal journey and the reality of the disparity of care in a post code lottery era.

A massive 'Thank You' to Roland Renyi for taking on the role of Master of Ceremonies throughout the speeches. Also, a special thank you to our loyal industry partners and in particular Mike Steele for his help and support.

Our web development and digital production company Mole pulled out all the stops to help and support my venture ensuring the parliamentary day was a great success.

Tim Ashton MD of Mole Productions kindly supplied Andy Willsher, photographer and supported the manifesto and petition which is getting new signatures every day.

The team at Mole has created a stand-out short video which can be used on social media to highlight the petition. Please do feel free to use across your various distribution channels:

I also owe a debt of gratitude to my close friend and colleague Graham Hobbs and his co-worker Mark Thompson at Clockhouse for their outstanding film work. Plus, a special Thank You goes to Julian Tyndale-Biscoe, Jim Smith, and Sophia Andersson-Gylden at FINN partners for helping to organise the event as well as Juliette Lobley for her help with social media.

My PA Lynn Bullock and external Leg Club Foundation consultant advisor Frazer Brown deserve a special note of thanks for their consistent support throughout the weeks leading up to the event and with assistance from Dan Grimmer (LCIP) and Chris Hall who helped get boxes of flyers, roller banners and materials to Parliament.

Raising awareness of the impact of this hidden epidemic has been my driving passion for many years and I was so pleased that together we were able to ensure MPs and members of The House of Lords understood the message and with loyal support from the Leg Club Industry Partners who showcased the professional collective best of the wound care industry that I have the privilege to work alongside as a third sector organisation.

Yours,

Ellie Lindsay OBE
