# We're transforming...

**Activa is about to become a fully-fledged part of Lohmann & Rauscher under the new name, L&R.**

But while the logo and brand colours will be new, the relationship isn't.

In fact, Activa has been a part of L&R for the past 8 years. All the things you like about us will stay the same including the Activa<sup>®</sup> and ActiLymph<sup>®</sup> hosiery brands.

**We'll still be driven by the same principles and we'll continue to operate as usual.**

But additionally we'll be able to offer you a wider choice of product solutions as a global brand.
