

Wound Management: Sharing Knowledge in Pursuit of Best Practice

Nurses, volunteers and clinical nurse specialists – gain the tools you need to improve your clinical practice and patient care.

Join your colleagues at the 17th Annual Leg Club conference for the latest research, techniques and technology in the treatment of wound management.

This programme will bring together all stakeholders in wound care to share best practices and learn about the latest techniques and clinical innovations in the management of the lower limb.

The charity's annual conference – highly regarded in the wound care calendar – will address the full spectrum of wound management through hands-on demonstration workshop sessions and presentations by internationally renowned experts.

As always, the Leg Club conference will feature inspiring talks on the latest developments in wound management. It will be a fantastic opportunity for you to learn, share and network.
